## Canadian Institute of Steel Construction (CISC): Fall Steel Event

When: November 8

Where: Lucky Bastard Distillers, 814 - 47th street East, Saskatoon

Registration: 5:30 pm

Presentation: 6:00 pm

Presentation: 6:00 pm

Reception/Tour: 7:30 pm

Theme: Hotter than Hades: Intumescent Coatings for Fire Protection

Whether you are a general contractor, fabricator, architect, engineer or owner, we believe you will be amazed by what you will learn with regards to understanding and using intumescent coatings for commercial, institutional and industrial projects. The critical factors of how to successfully apply fireproofing for both cellulosic or hydrocarbon fires will be explored in detail so that substantial cost savings in projects can be assured.

Using case histories, and performance evaluations of passive fire protection, special emphasis will be given to both epoxy intumescent and cementitious fireproofing as well as a next generation intumescent coating that is taking the fire protection world by storm.

Speaker: Dr. Mike O'Donoghue, Director of Engineering and Technical Services, Protective Coatings Canada / Akzo Nobel

Registration Fee: \$20.00

Register by emailing [nkaarsemaker@cisc-icca.ca](mailto:nkaarsemaker@cisc-icca.ca)

Space is limited so confirm your spot now.

## Canadian Specifications Canada (CSC) Regina Chapter Call for Volunteers

The 2019 CSC National Conference will be held in Regina. All CSC Regina Chapter Members and interested persons are invited to attend the conference 2019 kickoff information and planning session.

This is your opportunity to learn about the conference and to provide your ideas and recommendations into shaping what will be one of the best CSC conferences. You are welcome to attend with your suggestions or just come to learn about the conference.

When: October 17, 7:15 to 9:00 PM

Where: Graham Construction Board Room  
1903 East Turvey Road (park on south side)

## City of Saskatoon Building Bylaw Updates

The City of Saskatoon City Council has updated its Building Bylaw and repealed its 25-year-old predecessor at its May 23 meeting. Updates to the bylaw will enhance program transparency by clarifying and clearly communicating application requirements and permitting conditions. New permitting conditions will reinforce and support good neighbour practices.

Full enforcement of the bylaw provisions is proposed for January 1, 2018. In the meantime, Akhil Kumar, Building Inspection Manager, is available for information sessions, presentations and/or questions. Please contact him directly at 306-975-2645 or by [email](#).

Overall, the updated bylaw provides a platform to communicate building permit requirements and conditions in a clear and consistent manner, promote good neighbor practices through transparent building permit program administration, and support the city's strategic goals by balancing growth with accountability and public safety.
