SK Design Week 2017: September 23 to 29

SK Design Week is happening September 23-29 in Regina and Saskatoon. The biennial event, organized by the Design Council of Saskatchewan, invites the public to learn about the different areas of design through a series of free lectures, lunch+learns, tours and other design themed events.

There is a great lineup of speakers confirmed for this year's event including: Omar Gandhi, recognized as one of the world's top 20 young architects by Wallpaper* Magazine; Jason Kasper, founder and Principal of IDEATE Design Consulting; Ian Brignell, award winning lettering, logo and font designer; and Robin Mazumder, Vanier Scholar studying the psychological impacts of urban design. The week concludes with the 2017 Premier's Awards of Excellence in Design Gala, recognizing great design work completed right here in our province.

The full schedule of events can be found at <http://designcouncil.sk.ca/design-week-2017-schedule/> or on Facebook <https://www.facebook.com/pg/DesignCouncilSK/events/>

Reminder: The lectures and tours are eligible for self-directed continuing education credits
Seating is limited for some of the events so sign up now.

Come out and celebrate Saskatchewan design!

Mission: Zero Coffee Break Invitation

You are invited to a Mission: Zero Coffee Break in Regina

When: September 26, 10:30 - 10:45 a.m.

Where: Westerra Phase 1 Green Space at Flax Avenue and Barley Crescent

Take a quick break from the work day with WorkSafe Saskatchewan, have a coffee and see a safety demo with the Saskatchewan Construction Safety Association (SCSA). There will be treats and prizes!

Watch for the Mission: Zero signs, WorkSafe tent and the SCSA trailer.

Directions: Enter south on West Market Street off Dewdney Avenue between Courtney Street and Pinkie Road. Turn left onto Canola Avenue. Go left again onto Barley Crescent.

Construction Specifications Canada (CSC) Regina Specifier

Looking for the latest news from the Construction Specification Canada Regina Chapter? Their latest newsletter is now available on their [website](#).

Joan B. Calambokidis Innovation in Masonry Design Competition

The inaugural Joan B. Calambokidis Innovation in Masonry Design Competition challenges architects, engineers, students, and firms to imagine the future of masonry design and construction.

\$30,000 in prizes is up for grabs!

Share your bold ideas for creating sustainable, resilient, and energy efficient structures. Show how mass customization, BIM, computational design, and emerging construction and manufacturing techniques can be used to develop new building approaches. Use your creativity to innovate!

Register for the competition by November 15, 2017 – it's free, quick, and easy to do. Proposals are due by November 30, 2017.

Download the competition brief, see our prestigious panel of jurors, and get prize and submission details [here](#).

Listing of SAA Approved Continuing Education Courses

Attention SAA Members

For those reporting Continuing Education to the SAA, please check the [SAA website](#) for approved courses (both core and self-directed). This list is updated regularly.
