

APPLICATION FOR CORE LEARNING ACTIVITY APPROVAL

Providers must complete this form in order for their request to be considered. Additional information can be attached as requested. Please refer also to the SAA Core Provider Resource document, and the SAA Guide to Mandatory Continuing Education Program.

Core learning activities are structured education opportunities that provide a fundamental level of knowledge relevant to the practice of architecture throughout Canada. Core learning activities (also referred to as 'structured' in other jurisdictions) are generally in-person, hosted, or have an interactive learning component.
