

TO: All Licence to Practice Applicants
RE: Licence to Practice Application Requirements and Instructions

As defined in *The Architects Act, 1996 2 (q)*, “practice of architecture” or “architecture” means:

- (i) preparing or providing, for hire, gain or hope of reward a design to govern the construction of a building that has as its principal purpose human habitation or occupancy; or
- (ii) examining a building that has as its principal purpose human habitation or occupancy to determine whether the construction is in general conformity with the design governing the construction of the building, and reporting on the construction of the building.

The Act also provides for, Protection of title:

22(1) No person other than a member shall use the title “Registered Architect” or “Architect”, the abbreviation “S.A.A.”, or any word, title or designation, abbreviated or otherwise, to imply that the person is a member.

If you are doing anything of this in Saskatchewan, you must be a registered member of the Saskatchewan Association of Architects (SAA) and hold a Certificate of Practice. The provision of these services, prior to the issuance of a membership and Certificate of Practice may be prejudicial to the granting of either of those.

Until an application for a Licence to Practice is approved by the SAA, it is a contravention of *The Architects Act* to promote, offer or provide architectural services in Saskatchewan in the name of the practice, and items such as letterhead, cheques, signs, etc. should not be produced.

Additionally, out-of-province firms choosing to apply for a Licence to Practice in Saskatchewan under a different name and structure than their principal place of practice, for the express purpose of acquiring architectural service contracts to be fulfilled in their home province office, are advised that they may only do so under the Certificate of Practice holder licensed in Saskatchewan. Additionally, each architect not in Saskatchewan, but working on a project in Saskatchewan is required to be a Registered Member of the SAA and listed on the Licence to Practice Application.

All firms are required to obtain an annual Licence to Practice from the SAA. Renewal of the Licence to Practice is not automatic upon payment of dues, but rather is subject to the receipt of all requested documents and payment of fees as required by SAA legislation, regulations and Council Policies. Required documents and fees must be received annually by January 31.

Fees: Full payment of fees must accompany this application, in Canadian Funds only. Please refer to the [Application Fees](#) document posted on the SAA website.

When you choose to cancel or not renew your Licence to Practice, it is necessary that you submit a letter to the SAA and return your Certificate of Practice.

The uses of the term Certificate of Practice in this document shall at all time refer to a Certificate of Practice issued by the SAA unless otherwise stated.
